CREATE YOUR LEGACY...

Build with Strong Roots

So many conceptual and practical elements converge in the making of a home...

Whether it's in the creation of seamless transitional spaces, integrating visions of unique outdoor living areas, or incorporating simplicity, individuality or beauty into each room, Strong Roots **is true to your vision.**

"We help our clients narrate their own unique story in each architectural, functional or artistic detail of their future home. As a family-owned business deeply rooted in our community, we bring a personal touch to every project. We want to make sure building your custom home is fulfilling and enjoyable"

- Jonathan Clow & Scott Wilson
